Introduction:

A warm welcome to 2023, hope you all had a lovely holiday, are enthusiastic about this year and have an enjoyable and productive year. Please be aware that the purpose of this publication is to keep you up to date with information as it comes to the school. Your responsibility is to research about anything that interests you and to see the Careers Adviser whenever you need.

This term, I will attend several "Careers Adviser's Days" at various universities. These seminars are valuable sources of information. I will pass much of this information on in the next few months via the Careers Newsletter. Although these days take me out of school, it is imperative to get feedback from universities to help each current and future Year 12 cohort.

Study Work Grow:

Study Work Grown is the website that the school is registered with for use by students, parents and teachers. It provides information on career related events happening throughout the year, information on post school options and provides general careers advice.

It is a good idea to log on the Study Work Grow website to check the latest careers news and update yourself with available study options for future careers decision making.

To create your membership go to: <https://studyworkgrow.com.au/school/girraween-high-school>
When asked, enter your school code - GHS2019

JobJump Website:

JobJump is another website that the school is registered with for use by students, parents and teachers. When you register on JobJump you will receive the News on the Careers you like. Plus, you will be able to use all parts of the JobJump website to help you plan and assist in achieving your Career dreams. To register with JobJump, go to the front screen of the website at www.jobjump.com.au

STEP 1. Enter into the first white box the first letters of your school's name and when the full name appears in blue just below, click on your school's name and it will enter automatically into the first white box.

STEP 2. In the second white box, enter your email address and then click the Login button.

STEP 3. A new screen will appear which asks you to type in lower case letters your school's password. **Insert the school's password: hounddog**

The Western Sydney Careers Expo:

The Western Sydney Careers Expo will be held at Sydney Showground—Sydney Olympic Park on Thursday 22, Friday 23, Saturday 24 and Sunday 25 June 2023 from 9am until 3pm. The Expo brings together organizations providing tertiary course, career, vocational, employment, HSC and gap year information and resources. It also features over 120 seminars on topics including tertiary and training courses, career and study advice. HSC subjects' seminars most of which are presented by the NSW Board of Studies. The school booked for all **Year 10 and 12** to attend this expo on **Thursday 22/06/23**. The students will be provided with a QR code that will entitle them to re-visit the expo if they wish on Saturday 24 and Sunday 25 June 2023. **If restrictions apply so it will be virtual.**

Year 10 Work Experience Week:

Some of the most important decisions Year 10 students will make during their time at school are about what career directions and further study and training they will pursue when they finish their secondary education. One activity to support students with this planning is providing a curriculum-based workplace learning program. Workplace learning programs are learning activities in real workplaces that help young people to gain practical experience of work as well as learn industry and workplace skills as part of their studies. These programs are available in Year 10 and the Work Experience period is in Term 4- Week 8 from Monday 27 November until Friday 1 December 2023. Paperwork and more information will soon be emailed to parents and students.

Professional Cadetships Australia (PCA):

Professional Cadetships Australia (PCA) provides Year 12 students the opportunity to apply for cadetships in Business with leading companies. The cadetships provide cadets with paid employment while they undertake university studies. Under the Business Cadetships Program, cadets' study at the university of their choice and select from degree programs in Business, Commerce, Economics, Computer Science and Technology, Mathematics and Humanities. Online applications open on 6 March 2023 and close on 24 May, 2023, including the school assessment. For more information visit www.businesscadetships.com.au.

*Please make sure you allow me enough time prior to the closing date to fill in the school section, so you need to submit your application online by **Monday 15 May**, you will then be sent a letter that you will have to bring to me with the log in details for me to be able to fill in your school assessment and submit it before 24 May, 2023. To help you edit your application, finish your application during the April School Holidays and bring to me as soon as Term 2 starts to edit, advise on any changes and finalise before you submit online. Don't hesitate to come and see me for more clarification or if you have any questions.*

University - Institutes

University of Sydney Seminar - Putin, History, and the Ukraine War

1 March

Commentary on the Ukraine War is full of historical allusions and comparisons. In his own speeches on the war, Russian President Vladimir Putin often refers to earlier periods in Moscow's relationship with neighbouring regions such as Ukraine—from tsarist times, through the Russian Revolution, to WWII and its aftermath. What is Putin's view of Russian history, and what can this tell us about his view of Russia's role in the world today?

https://uni-sydney.zoom.us/webinar/register/WN_oFio0AkISXWJsHmMA4rQtw

University of Sydney Seminar - The Digital History of Human Rights: How a History degree prepares you to work with Big Data

22 March

Find out how a team of historians, librarians, and data scientists worked together to reimagine the history of human rights. New digital tools are revolutionising the way in which historians interpret the past. A 'Big Data' approach has made it possible for historians to map how human rights movements have evolved over time on an unprecedented scale.

https://uni-sydney.zoom.us/webinar/register/WN_wsqTEEnWCQ5qb3iMeHWq2PA

University of Sydney Seminar - Interaction Design at Sydney

29 March

Learn about how the new Bachelor of Design (Interaction Design) will provide you with the innovative technical and social design skills to become a leading-edge designer in today's fast-paced job market. Find out how your passion for creativity and problem solving can be harnessed for a career in digital and visual design.

https://uni-sydney.zoom.us/webinar/register/WN_7pdl_cGnSW2iYCiYUMsGnA

University of Sydney Seminar - Life of a Health Scientist

22 March

Have you wondered what a day in the life of a health scientist might be like? And what jobs might be available? Health is one of Australia's fastest growing employment sectors. Join Dr Leigh Wilson to find out what an average day of work might be like in the field of health science and about USYD's specialist Health program. Learn about how health scientists address broad issues in healthcare and work to improve health and wellbeing for individuals, families and communities worldwide.

https://uni-sydney.zoom.us/webinar/register/WN_U31nGtIXThS-Vnw9ySRJZw

University of Sydney Seminar - Bachelor of Advanced Computing

29 March

Want to work for a major tech company like Microsoft, Oracle and Google? Or launch your own start-up? Then the Bachelor of Advanced Computing could be for you. Specialise in Computer Science, Cybersecurity, Software Development or Computational Data Science, as well as a second major from USYD's shared pool of 100+ majors from across the University. From intelligent drones to virtual reality apps, cybersecurity to the Internet of Things, you will learn the design principles and programming skills to build the systems behind emerging technologies. Carve your own unique path with USYD's accredited and flexible advanced computing program.

https://uni-sydney.zoom.us/webinar/register/WN_Ope-tBQTTuOhWJYE59wJpg

University of Sydney Seminar - Bachelor of Commerce: Internships, Study Tours and other Work-ready Learning Experiences

15 March

Discover how USYD's Bachelor of Commerce will prepare you for the future of work. Find out how you will gain an edge with guaranteed, work-ready learning experiences integrated throughout your degree from USYD's award-winning teams. From internships and global mobility opportunities to consulting projects and cultural immersion programs, discover how you can choose your own unique path to achieve your personal career goals.

You will also learn about the many ways you can combine your interests with USYD's range of dynamic business majors as well as over 100 study areas from USYD's shared pool of majors/minors.

https://uni-sydney.zoom.us/webinar/register/WN__bK7U7_sRVCKRxjqcrvo4g

University of Sydney Chemical Engineering Work Experience

May 2023

Hosted at the School of Chemical and Biomolecular Engineering, USYD offers work experience placements for Year 10 students who want to learn more about chemical engineering.

By participating in USYD's interactive activities, students will gain insight into various industries where chemical engineers work and career pathways for chemical engineers. You'll undertake activities in areas that concern our industry partners.

ANU Applications for 2023

ANU application timeline is live on the [website](#), with applications opening 1 March and closing 15 May, 2023. For students who are interested in applying for scholarships, their eligibility is automatically assessed through the application process.

ANU Tuckwell Scholarship – Applications now Open

Opens 1 March

One of the most prestigious scholarships in Australia. The program has a focus on giving back to Australia and is the only one of its kind that nurtures Scholars to fulfil their broader community ambitions over and above the pursuit of an undergraduate degree.

Each year ANU awards 25 Scholarships and offers talented and motivated students the opportunity to realise their potential by providing financial support, personal enrichment and development opportunities.

<https://tuckwell.anu.edu.au/news/applications-2024-scholarships-will-open-1-march-2023>

ANU Open Day 2023

18 March

ANU Open Day is your chance to tour the beautiful campus and accommodation, learn about the academic colleges, degree programs and support services, and chat to current students about campus life and their ANU experiences. Registration

Charles Sturt University Courses Offered Online

As Australia's most experienced online university, CSU knows study isn't your only commitment. That's why CSU makes their online courses – undergraduate and postgraduate – super flexible. Studying an online degree allows you to work within your own time frame, wherever you may be. That is just one of the benefits of online education.

CSU offers everything from short courses to bachelor's and master's degrees online, so you can study the way that suits you. At Charles Sturt University you can choose from hundreds of online courses available across 21 different career areas – all fully supported. Study support. Wellbeing support. Tech support. <https://futurestudents.csu.edu.au/csu-online>

CSU Explore Day 2023

Albury-Wodonga - 7 March

Bathurst - 14 March

Wagga Wagga - 21 March

Port Macquarie - 28 March

Are you in Year 10, 11 or 12? Explore Day is your chance to check out what life at Charles Sturt University is like – but with a twist!

Keen to check out where you'll be staying? You'll get to look at accommodation and tour campus, chat with students and get the lowdown from lecturers. There's even a free lunch and a swag bag of goodies. But the best bit about Explore Day? You can get involved! Pick which interactive session/s interests you, book your spot and then get set for some hands-on learning that's also a whole lot of fun. Each of the Explore Day campuses will run different sessions on everything from arts to vet science. There's lots for you to explore.

<https://study.csu.edu.au/life/events/explore-day>

SCU - Early Offer

Applications open April 2022

Take the stress out of Year 12 with an Early Offer

The Early Offer program allows you to secure your place in a Southern Cross University degree before your Year 12 results are even released. It's designed to remove some of the pressure from Year 12 and give you a pathway directly into university study that is not based solely on your Year 12 results. This program allows you to gain an offer into a Southern Cross University course *, based on your grades and your school principal's recommendation. <https://www.scu.edu.au/early-offer/>

UNSW Seminar - How Will Climate Migration Reshape Our World?

9 March

Floods, fires, drought and disasters are already displacing more people globally than conflict.

The climate emergency is destroying crops, homes and infrastructure and as the world heats over the coming decades whole cities may become unliveable, forcing populations to move in their tens of millions. How can we manage this unprecedented human movement to achieve productive, sustainable societies this century?

Join award-winning science writer and the author of *Nomad Century: How Climate Migration Will Reshape Our World* Gaia Vince, for a keynote talk, followed by a conversation with *Guardian Australia's* immigration reporter Ben Doherty and Director of the Kaldor Centre for International Refugee Law Jane McAdam about how climate migration will reshape our world.

<https://www.events.unsw.edu.au/event/how-will-climate-migration-reshape-our-world>

UNSW Year 12 Medicine Information Evening

14 March

Are you interested in a career in medicine?

Start your medical career at one of the top 50 medical schools in the world. Studying the Bachelor of Medical Studies/Doctor of Medicine at UNSW will provide you with the theoretical understanding and practical experiences you need to launch your career as a medical professional.

UNSW's Medicine Information Evening, for current year 12 students, will provide insight into the dynamic blend of hands-on clinical experiences and research-focused learning that you will be immersed in as a UNSW Medicine student. You'll also find out detailed information on the application and admissions process for 2024 entry, including special entry schemes such as Rural, Gateway and Indigenous Entry Schemes.

<https://www.events.unsw.edu.au/event/year-12-medicine-information-evening-1>

Lab tour opportunity for Maths & Physics students at UNSW, Sydney

SPREE invites all Maths and Physics students to visit UNSW, Sydney. Here you can take a guided tour of all the labs, including the Solar Industrial Research Facility—where many of the world's solar cells and panels are tested and produced for major solar companies.

Email e.keep@unsw.edu.au ('lab tour request' as subject) to express your interest

Virtual Internships - Challenges Abroad Australia International Volunteering

Want to get a real taste for overseas community development? The virtual internships give you the opportunity to spend 3-5 weeks working with our overseas teams to solve complex issues. This program will allow you to develop your skillset and contribute to international social impact, all from the comfort of your home. You'll gain international exposure while enhancing your employability and engaging directly with our in-country teams and community members. Virtual internships are

available and on offer for both university and high school students looking to develop their skills and make an impact. <https://www.challengesabroad.com.au/our-challenges/>

Medical Work Experience for Year 10 and 11 Students

Getting medical work experience as a student can be extremely difficult. Projects Abroad offers young people from secondary and senior secondary school a safe, guided experience into the world of medicine through our High School Special Projects. The medical internships abroad for high school students focus on experiential education, so you learn by doing. You can expect to:

Shadow doctors and other medical professionals in busy hospitals and clinics

Attend medical workshops and seminars

Get first-hand insight into the healthcare challenges people face everyday

Participate in community healthcare outreaches that serve people in need

Learn essential medical skills like measuring blood pressure and blood sugar levels

<https://www.projects-abroad.com.au/medical-work-experience-teenagers/>

UN Youth NSW State Conference 2023

Friday 10 March 2023 (late afternoon) to Sunday 12 March 2022 at 5:00pm (overnight event)

UN Youth New South Wales' State Conference 2023 will see up to **two hundred high school students** from across the state meet at Collaroy Centre (Collaroy, New South Wales) to learn about **leadership, diplomacy and advocacy** and to take part in the **global conversation about international law**. At State Conference, you **will form friendships with a diverse array of students** from all around New South Wales and **become inspired to deliver change** in your community and globally.

The 2023 State Conference focuses on the theme of 'Conflict in the Modern Age' and spans two and a half days, giving students a whole weekend to make new friends from across the state! Delegates (students) will spend the first day of the State Conference meeting each other, getting involved with our interactive modern conflict workshops and tackling a simulated Interactive Problem Solving activity. The final day of State Conference is the Delegate's chance to emulate a member state of the United Nations in Model UN committee debates. Get into a diplomat's shoes for a day and do your best to pass resolutions that will benefit the global community and align with your national interests – not always an easy task. <https://unyouth.org.au/event/nswconference/>

Save The Date - Frontiers of Science Forum

24th March

Concord Golf Club, 190 Majors Bay Road, Concord

Registrations will open soon for our joint The Australian Institute of Physics / Teachers' Guild of NSW / The Royal Society of NSW / Royal Australian Chemical Institute 4rd Frontiers of Science forum event in 2023.

Australian History Competition

Registration Closes 31st March

Runs 29 May - 2 June

Not only is the Australian History Competition an opportunity to showcase that history is as important as Maths, English and Science, this competition gets students away from screens in a fun and engaging way and helps them develop crucial skills in seeing different points of view. With a

focus on testing interpretation and analysis rather than prior knowledge, the competition is accessible to Year 7-10 students of all levels, giving every student the chance to excel!
<https://australianhistorycompetition.org.au>

Quiz: What's your STEM + sports career?

Live and breathe sports and want to make it your career? STEM is still for you! Athletes and sporting teams rely on science, tech, engineering and maths to keep them in peak physical and mental shape, and to improve performance, create gameplay strategies and develop efficient sporting equipment. There are so many exciting ways to mix STEM + Sports, and this quiz will help you narrow down where best to focus your talents!
<https://careerswithstem.com.au/stem-sports-quiz/>

The Importance of Students engaging with ICT and ChatGPT

With the craze and emergence of ChatGPT in late November last year it is now more than ever crucial to focus on the importance of knowing how to integrate technology and what all schools should strive for to achieve the following 21st-century skills in complex thinking, creative problem-solving, and collaboration. There are many key issues in relation to the importance of ICT in education such as allowing for inclusion in learning, promoting higher-order thinking, motivation, improving engagement and knowledge retention etc.. ICTs will continue to be a significant part of our future as it connects itself to more and more parts of our lives. It will continually evolve and change because as consumers we all like a choice. We like to use ICT for personal growth, creativity, and joy, consumption, and wealth

University of Sydney - Languages at Sydney campus day

27 July

Language students and teachers are invited to join Languages at Sydney (LAS), the flagship campus experience program for languages.

LAS is a day event designed to give Stage 6 (Year 11) students a taste of language-learning at the University of Sydney and a chance to hear about the benefits of language study beyond high school. Languages offered at Sydney are: Arabic, Chinese, Classical Hebrew, French, German, Indonesian, Italian, Japanese, Korean, Modern Greek, Modern Hebrew, Sanskrit, Spanish, Ancient Greek and Latin.

<https://www.sydney.edu.au/arts/study/events-resources-prospective-students/languages-at-sydney.html>
